THE CLIENTS MAKING THE BRAND

A YOUNG BRAND FOR YOUNG PEOPLE AND MORE

A focus on young people and new generations, while always keeping an eye on the needs of all other age groups. This is the strength of Alcott, which for years has studied and designed trendy, modern, and original garments, accessible to all, so that everyone can express themselves through what they wear. The clothing lines are dynamic, rich in detail and nuance, to meet the expectations of an increasingly demanding audience.

VISION

IDENTITY AND INCLUSIVENESS

The brand's vision aims to consolidate its position as a leading international player in the easy-to-wear clothing sector. The pillars of its future vision include:

Global Expansion: Strengthen its presence in international markets (already present in 7 countries with over 160 stores).

Sustainability: Evolve towards a more responsible model, collaborating with organizations like the Better Cotton Initiative to reduce the environmental impact of production.

Inclusivity and Identity: Embody a versatile lifestyle, capable of adapting to different personalities through its men's, women's, and premium labels..

MISSION

ACCESSIBILITY AND DYNAMISM

Alcott's primary goal is to offer fashionable products that are accessible to all, while maintaining high quality standards and attractive designs. Its mission focuses on:

Accessibility: Making the latest global trends available at competitive prices for a young audience (Gen Z and Millennials).

Dynamism: Constantly updating collections to respond in real time to changes in the fast fashion market.

Shopping experience: Creating points of sale ("New Revolution Stores") that are not just stores, but modern and engaging experiential spaces.

The Alcott brand offers its customers a constantly on-trend look with multiple weekly drops, capsule collections, and collaborations, all with quality materials and craftsmanship. A contemporary outfit that prioritizes sustainability and inclusivity.

POSITIONING MAP.

CONTEMPORARY LOOK

A POSITIONING THAT SATISFIES THE MARKET

Alcott offers a wide range of products, always striving for quality at the right value. A conscious fashion statement, a clear and defined positioning that stems from years of market presence and is defined and strengthened season after season. All this in the most important locations

THE STORY

FROM 1990 TO TODAY WITH AN EYE TO THE FUTURE

The story of the Alcott brand is an intense journey where emotion and passion intertwine. Denim and cotton become the raw materials for the brand's collections. Alcott is streetwear and lifestyle in one.

IT ALL STARTED IN 1990:
FROM DAY ONE TO TODAY.

Alcott, as the cornerstone brand of the Capri Group, has grown rapidly, establishing itself in Italy and abroad in less than 20 years and becoming a major player in the fashion industry.

Today, with a versatile commercial approach and a synergistic commitment to innovation, Alcott presents a wide range of products every week, always guaranteeing cutting-edge collections and small selections of clothing in tune with current trends.

FROM NAPLES, EVERYWHERE **FROM A STORE TO A RETAIL CHAIN**

From a small store on Via Nisco in Naples to the international scene, passing through the most prestigious locations. Year after year, the brand expanded first in Campania, then throughout Italy, and finally throughout Europe and beyond.

Wholesale distribution has brought the brand to the forefront, drawing on prominent clients and high-profile investors who saw the affiliation project as an excellent business opportunity.

A sponsor of Serie A teams and a promoter of cultural and sporting events, Alcott is an integral part of everyday life in the places where it has established its stores.

The brand's strong recognition is the result of over 35 years of business and presence on the international market.

ALCOTT

THE ORIGIN **AMERICAN DREAM**

Alcott was born from a vision: to bring the taste and style of American casual to Italy, without compromising the cornerstones of Italian quality and craftsmanship. To offer a product with a fair and tangible quality-price ratio; not a cheap brand, not simply a fast fashion label, but a brand with its own identity and significant quality.

The choice of fine cottons for shirts and t-shirts, and the careful selection of denim and twill fabrics for trousers, brought the dream to life.

Alcott was born and became a point of reference for many generations. From the first single-brand store to an established retail chain, the journey was driven by passion and dedication.

The rest is a success story.

THE OWNER CAPRI GROUP

INTERNATIONAL EXPANSION

International expansion with a presence in the world's most important markets, in prestigious locations, is underway with careful and meticulous study of the different markets.

STRENGTHENING FRANCHISING AFFILIATION

The current franchising network already boasts significant national and international presences. The goal is to expand the franchise while maintaining a partnership exclusively with high-end partners and in prestigious locations.

RECYCLING & SUSTAINABILITY

Among the objectives is the creation of the second-hand project, a project born from the desire to further concretize Alcott's commitment to sustainability and environmental protection, which has been underway for years.

A man and a woman are on a boat. The man, on the left, has long dark hair and is wearing a white shirt with a black geometric pattern. He is holding a pair of sunglasses. The woman, on the right, is wearing a white sailor's cap, a dark blue strapless top with a white floral pattern, and a gold necklace with a circular pendant. She is looking off to the side. The background is a clear blue sky and the ocean.

**THE
COLLECTION**

THE COLLECTION **AUTHENTIC VALUE**

The products in the Alcott collections are made using BCI cotton, recycled padding, high-performance technical fabrics, and the attention to detail and craftsmanship worthy of products designed to last. Because the brand's primary goal is to produce high-quality clothing at a fair price and with a contemporary look.

THE DENIM **ALCOTT'S WORLD**

The essence of Alcott is denim, understood not in the traditional sense of the word, but for a world of a lifestyle rich in gestures, ways of living, and the interpretation of clothing as a daily companion that identifies you and helps you build your image.

Freedom in dressing, wearing, and feeling yourself. Garments that hug the body so they can be worn every day, in every situation.

CASUAL & MORE **A LOOK FOR EVERY DAY**

Alcott's offerings are diverse. From college-inspired pieces to pieces in collaboration with officially licensed music groups, comic book heroes, and major universities like Harvard and Yale, the collections span genders and age groups, focusing on the new generation but also appealing to longtime customers who grew up wearing the brand.

The fits follow trends, embracing the unisex concept that's increasingly popular among young people. The extensive offering is rounded out with accessories and footwear, as well as a sizable fragrance line, to offer a look suitable for any occasion.

Each piece is crafted with the utmost attention to detail, selecting high-quality partners who share the brand's values of sustainability and environmental awareness. Every Alcott piece is designed to be a product that lives intimately with the customer who chooses it for their wardrobe.

THE STORES **AN EMOTIONAL EXPERIENCE**

ALCOTT stores are designed to resonate with customers' habits, effectively transforming into truly immersive experiences.

The color of people, the color of clothes, and the color of music are the protagonists of the Alcott store concept, which draws inspiration from and interprets the American world, drawing primarily from the underground style of the New York subway. The power of the metropolis, its energy, but also its perfectly organized and synchronized chaos, are reflected in this new concept store, which nods to the most characteristic stylistic features of New York. Lights, writing, speed, chaos, noise, art, and street art are extremely contemporary elements that brand a lifestyle and emerge in every detail of the stores, ready to engage its customers.
